Brookstone Capital Management Ranked Sixth Fastest Growing RIA on *Financial Advisor* Magazine's 2011 List of Top Independent RIA Firms

Wheaton, IL (August 2011) - *Financial Advisor* magazine ranked [Brookstone Capital Management](#) (BCM) as one of the top Registered Investment Advisors (RIA) in their 2011 RIA Ranking Survey. The 2011 rankings appeared in the July 2011 issue. This annual survey has become a benchmark of success in the RIA marketplace and to be included on this list is true testament to the firm's accomplishment and success in the past year.

In the U.S. more than 30,000 RIAs are eligible and only 454 firms qualified to be on the list. BCM had the honor of being one of only 17 new entrants to this year's survey and was recognized in two separate rankings. Of the 164 in the \$100 to < \$300 million asset category, BCM came in ninth, and 218 overall in the U.S. And in the "Top 50 Fastest-Growing Firms", BCM ranked sixth. Brookstone saw its assets under management grow 147.90% in 2010 with 85.93% growth in assets per client. BCM expanded its client base by 33.33% and total assets under management at the end of 2010 were 276.64 million.

[Dean Zayed](#), President of BCM says, "2010 was a remarkable year for us. We attribute this growth to the strength of our staff, the quality of our investment strategies and the steadfast dedication of our investment advisor representatives."

Founded in 2006, Brookstone Capital Management is a rapidly growing fee-based registered investment advisor, headquartered in Wheaton, Illinois, offering a comprehensive money management platform of robust, well-diversified portfolios. Our select network of highly trained independent investment advisors has total access to our investment intelligence and proprietary model portfolios. This support allows our advisors to focus on developing and implementing intelligent, effective long-term investment strategies customized to the unique goals and circumstances of their clients.
